

## Lunchtime Music Lessons

4<sup>th</sup> January 2010

Dear Parent,

This year I will be offering lessons to any children wishing to learn recorder, flute, clarinet, oboe, guitar, ukelele or piano. I am also willing to create a varied program of lessons working with different instruments, allowing the child to find the instrument that suits them best. This may include work with the collection of percussion instruments at St. Julian's, as well as playing with singing and movement.

My observances of this last years lessons showed me that some of the students really enjoy sharing their lessons with their peers. If anyone would like their children to learn with siblings or peers, I would be happy to do this, up to groups of 4. The cost of the lesson would then be shared, or the length of the lesson would be longer accordingly. Also, the lesson times of 15 minutes are suitable in many instances, but a lot more learning can happen in a 30 minute lesson. If you think this might be suitable for your child we can discuss this as the year progresses to try and most aptly meet your children's learning needs.

If you would be happy for me to communicate with you via email/phone for arranging of lesson days etc, please put your address/number on the form below. My email is [jamesoboe@googlemail.com](mailto:jamesoboe@googlemail.com), and my telephone 833086.

Over the next two terms (until easter) there will be 11 full teaching weeks, making the total cost for the period £55 (£5 per lesson). Deduct £5 for every week after the 1<sup>st</sup> week of term your child has not had a lesson.

Yours sincerely,

James
